### **RE: Response to Request for REACH Declaration**

**Declaration Coverage: Company wide (all part numbers manufactured and sold from this facility)**

**Description: Nameplates & Labels for product identification**

Products Supplied by Photo-Graphics Co., Inc.:

- ❖ Photosensitive anodized aluminum nameplates with or without adhesive back
- ❖ Vinyl & polyester labels and decals

Legislation Title: REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

The total amount of substances released in the European Union by these articles is less than 1 ton per year, so no registration of the released substances is required. We wish to emphasize that where an intentional release occurs, the release is limited to the processing stages (for photosensitive anodized aluminum) involving image creation of the article. No intentional release occurs in fully processed sheets or in the finished article.

Our products are articles. They are not chemical preparations and therefore not subject to the pre-registration or the registration process.

Also noted is that the listed articles contain less than 0.1% of any substance on the Candidate List as Substances of Very High Concern (SVHC).

Sincerely,

*Susan Willens*
